**Parental consent:** Parents/guardians of riders under the age of 18 must consent in writing to their participation in the Tour de Chiddingly. The only exemption is where a young person having reached the age of 16 can demonstrate they no longer live with their parents or guardians but are living as an independent adult. This needs to be proven by the supply of evidence such as a rent book with their name and address on or a National Student Union membership card.

**Policy on young people's participation in the Tour de Chiddingly:** The minimum age for unaccompanied children on the event is 13. Children aged 13-17 may participate unaccompanied if they have parental permission and signed Parental Consent. There is no lower age limit for a child accompanied by a responsible adult acting *in loco parentis*, but a signed Parental Consent Form is still needed. Parents or guardians must also understand: the demands of the cycling activity and that they alone can make the decision about the ability of their child to complete it; that the child may cycle with other adults and/or with other children, but there is also a possibility of the child cycling on their own at times; that while Greening Chiddingly extends a welcome to cyclists of all ages and abilities, no special provision for children is made; that arrangements to get to and from the event are the sole responsibility of the parent or guardian; that DBS checks may not have been done on event organisers.

**Photography:** Greening Chiddingly and its agents may take photographs of the event. Young people under 13, or those aged 13-17 who are unable to give permission themselves, must have signed Parental Consent for any photos to appear in online or printed publicity materials. Children aged 13-17 may provide their own consent.

**Once you have completed this form:** Please **either** bring along a printed signed copy to the event **or** edit the electronic version and email a signed copy to info@greeningchiddingly.org in advance.

**GDPR compliance:** All forms will be destroyed after the event. No information will be shared with third parties.
